

Treasury and the [#IRS](#) allow a delay of most tax payments until July 15, 2020. You still need to file your return or request a filing extension by April 15. No additional filing is necessary for the payment extension.

The IRS urges taxpayers who are owed a tax refund to file as quickly as possible. For those who can't file by the April 15 deadline, the IRS reminds individual taxpayers that everyone is eligible to request a six-month extension to file their return.
