Dear Troup County School System Community,

This message is to update you on three important matters: school closure date changes, meal distribution services, and new student learning resources.

On March 23<sup>rd</sup>, Governor Brian Kemp issued an announcement stating that any gatherings over 10 people are prohibited until April 6<sup>th</sup>. In compliance with this directive, **TCSS will extend the cancellation of school until April 3<sup>rd</sup>.**

- Spring Break will occur as scheduled April 6<sup>th</sup> – April 10<sup>th</sup>
- School will resume Monday, April 13<sup>th</sup>

As part of our support to students and families during this extended cancellation, TCSS will continue providing meal distribution services at nine school locations and various bus stops throughout the county. Meal distribution services will occur as scheduled until April 3<sup>rd</sup>. The sites and locations can be found on [troup.org](http://troup.org).

Teachers are working with students and families by creating student learning resources that are available online or in printed packets. They are working remotely, and are available via email, to best support students and provide continuous learning opportunities. As we are now in Phase II of our curriculum resource offerings for students, please access the resources online at [troup.org](http://troup.org) or pick up a printed copy from any [meal distribution location](#) throughout the district. Many of our teachers have also placed learning resources in their Google Classrooms.

As a community, we are treading through this time together. We will continue to keep you updated as new information unfolds. We are grateful to all of you for your patience and understanding as we work together for each other and our students.

Thank you,

Yolanda Stephen  
Director, Public Relations
