

## U.S. Army Corps of Engineers, West Point Lake

The US Army Corps of Engineers at West Point Lake is taking appropriate preventative measures aligned with CDC guidelines to support public safety in response to the COVID-19 pandemic emergency. As a result, the following facilities and parks are closed until further notice:

The West Point Project Management Office and Visitor Center.

R. Shaefer Heard, Whitetail Ridge, Holiday and Amity Campgrounds.

Hardley Creek

West Overlook

Rocky Point

Evansville

Earl Cook

All other day use parks are either open or have partial closures to picnic areas or beach access. The majority of these parks have lake access or boat ramps. All restroom facilities are closed in day use parks.

Thank you for your patience and understanding as we work to meet our critical missions and provide for public safety at West Point Lake. Continue to follow our Facebook page for more updates.
